Skills

Flutter, MongoDB, React.js, Firebase, Python, Kotlin, Git, MERN

Education

Parul University | Vadodara, Gujarat
Bachelor's of Technology in Information Technology | 04/2025

Consistently ranked in the top division of my B.Tech IT batch, I have maintained an exemplary academic record without any backlogs throughout my academic journey. My commitment to excellence is underscored by my unwavering dedication to academic pursuits.

In addition to my academic achievements, I have completed supplementary coursework in Android and Flutter development, as well as web development. These specialized classes have equipped me with hands-on experience in creating mobile applications using industry-standard frameworks such as Android and Flutter, as well as honing my skills in web development. This extra layer of expertise demonstrates my proactive approach to staying abreast of the latest technologies and my commitment to expanding my practical knowledge beyond the academic curriculum.
